

V4 Seminars for young scientists on publishing techniques in the field of engineering science-Publishing techniques course #1

This course, organized by VINmes (Visegrad Network for Microelectronics Engineering Scientists), is led by selected members from research units, mostly within the V4 region and aims to improve the skills of young scientists in scientific articles publishing techniques. The course will take two days. The lecturers are David Bušek and Karel Dušek from Czech Technical University in Prague (Czech Republic), Balázs Illés, Attila Géczy and Olivér Krammer from Budapest University of Technology and Economics (Hungary), Agata Skwarek from Institute of Electron Technology (Poland), Tomáš Blecha from University of West Bohemia (Czech Republic), Alena Pietriková from Technical University of Košice (Slovakia) and Alexandra Fodor from Technical University of Cluj Napoca (Romania).

Content of the course:

1st day: from 9:00am – 5:00pm

- 1. VINMES introduction, program presentation**
- 2. Where to present your results?**
- 3. General structure of journal paper**
- 4. 10:45 – 11:00 Coffee break**
- 5. Literature survey, search engines, references, citations etc.**
- 6. Statistical analysis of the results in brief**
- 7. 12:30 – 13:30 Lunch**
- 8. General requirements for presenting - images and plots**
- 9. 15:00 – 15:15 Coffee break**
- 10. Abstract for the conference and journal – what is the difference?**
- 11. Your first presentation at a conference - short and long presentations**

2nd day: from 9:00am – 1:00pm

- 1. Preparing a paper for final format**
- 2. How to prepare for your first review**
- 3. 10:30 – 10:45 Coffee break**
- 4. Workshop on practicing the presentation of the scientific results**
- 5. Conclusion of the course**
